

ISSN 0036-679X (print)
0972-5061 (online)

Vol. 54 No. 2 and 3 June-September 2016

Contents

- 3 Editorial
- 5 Techno-pedagogical Modelling Through Web 2.0 Tools in Science Classrooms
Vrinda Vijayan, V.P. Joshith and P.D. Subhash
- 13 Immersive ICT Tools for Teaching and Learning Science
Rejaul Karim Barbhuiya and Ashish Kumar Srivastava
- 18 E-learning Strategy to Enhance the Achievements of Elementary School Students in Science
Jagpreet Kaur
- 29 Application of Information and Communication Technology in Assessment of Learning Levels of Students
Indrani Bhaduri, Sreyoshi Bhaduri and M.N. Deshmukh
- 38 Integration of Information and Communication Technology with Physics Education for Effective Learning
P.C. Agarwal and V.P. Arya
- 47 Some Aspects of the Use of ICT in Chemistry Teaching
Chitra Singh

- 61 Using Information and Communication
Technology for Quality Mathematics Teaching
P.K. Chaurasia
- 72 Continuous Professional Development
of Teachers with Web Portal and Mobile
Application
Mohd. Mamur Ali
- 80 Computational Physics with Spreadsheet – I
Mahesh Shetty and A.K. Mody
- 85 Science News
- 108 Web Watch
